SHORT BIO

Dr. Pavlos P. Stamatiou is an Assistant Professor of Sectoral Economics at the Department of Economic Sciences of the International Hellenic University (IHU), Greece. He received a PhD in Economics from the University of Macedonia (UOM), Greece. He holds an MSc (with distinctions & prize money) in Business Computing with Economics, as well as a BSc in Applied Informatics from the same university (UOM). During his studies, he received academic performance scholarships from the University of Macedonia. Before joining IHU, he contributed as an Adjunct Lecturer and Research Fellow (Post-Doc) at the University of Macedonia (UOM), Greece and the University of Western Macedonia (UOWM), Greece, among others. He has been participating in various research programs since 2017. In addition, he has teaching experience in postgraduate programs both in Greece and abroad.

His main academic and research interests lie around foreign direct investments and industrial policy, industry and trade, applied economic policy, as well as energy & environmental economics. His research work includes papers in well respected peer-reviewed scientific journals, refereed conference proceedings and book chapters in collective volumes. He has published extensively, more than 30 research papers and articles. In addition, Pavlos serves as an editorial board member and reviewer in several international journals, as well as a supervisor in doctoral dissertations and diploma theses. Finally, he presents actively his research at various global conferences.
